CAREER CHANGE VISION BOARD

JOURNALING YOUR THOUGHTS

What do you like about your current job/ your former job?

What do you entirely dislike about your current job / former job?

What would an average Tuesday ahead look like?

What tasks would there be to do, what kind of phone calls, what would be the team structure?

List all the small things that come to your mind.

What skills do you currently have and love?

What skills would you like to add?

What was a talented you not only always admired by your colleagues but that you also would love to incorporate in your daily work?

WHO DO YOU WANT TO WORK WITH AND WHERE WOULD THAT

Do you like to work with fast-paced, entrepreneurial people?
Or do you prefer to have the first-hand contact with people from very diverse cultural backgrounds?
Are you more looking for traditionalists or thought-provoking people?

Also, think about in what setting you would like to work?
Are you ok with working alone or do you or do you prefer larger teams?
Would you prefer working from home, from the office or maybe even a mix of everything?
Think about your personal preferences and write down what comes to your mind.
