JOURNALING YOUR THOUGHTS

- What do you like about your current job/ your former job?
- What do you entirely dislike about your current job / former job?
- What would an average Tuesday ahead look like?
- What tasks would there be to do, what kind of phone calls, what would be the team structure?
- What skills do you currently have and love?
- What skills would you like to add?
- What was a talent you not only always admired by your colleagues but that you also would love to incorporate in your daily work?

Job Title	Sounds interesting	Fits my vision of a perfect Tuesday	Fits my skillset	Does not fit my skillset but:
-----------	--------------------	-------------------------------------	------------------	-------------------------------

WHO DO YOU WANT TO WORK WITH AND WHERE WOULD THAT

- Do you like to work with fast-paced, entrepreneurial people?
- Or do you prefer to have first-hand contact with people from very diverse cultural backgrounds?
- Are you more looking for traditionalists or thought-provoking people?
- Also, think about in what setting you would like to work?
- Are you ok with working alone or do you or do you prefer larger teams?
- Would you prefer working from home, from the office, or maybe even a mix of everything?
- Think about your personal preferences and write down what comes to your mind.
